

## Entering "College Ready Math" – Summer Practice – Math IXL

Dear Parents and Students:

Did you know that all students experience learning losses when they do not engage in educational activities during the summer? Did you know that on average, students lose approximately 2.6 months of grade-level equivalency during the summer months? This is the reason we want all students to participate in the IXL Summer Math Boost Challenge.

Using IXL is simple. Follow these quick steps.

- 1) Log in using the username and password you were given. <https://www.ixl.com/signin/perryhall>

Sign in

Username [Forgot username?](#)  
@perryhall

Password [Forgot password?](#)

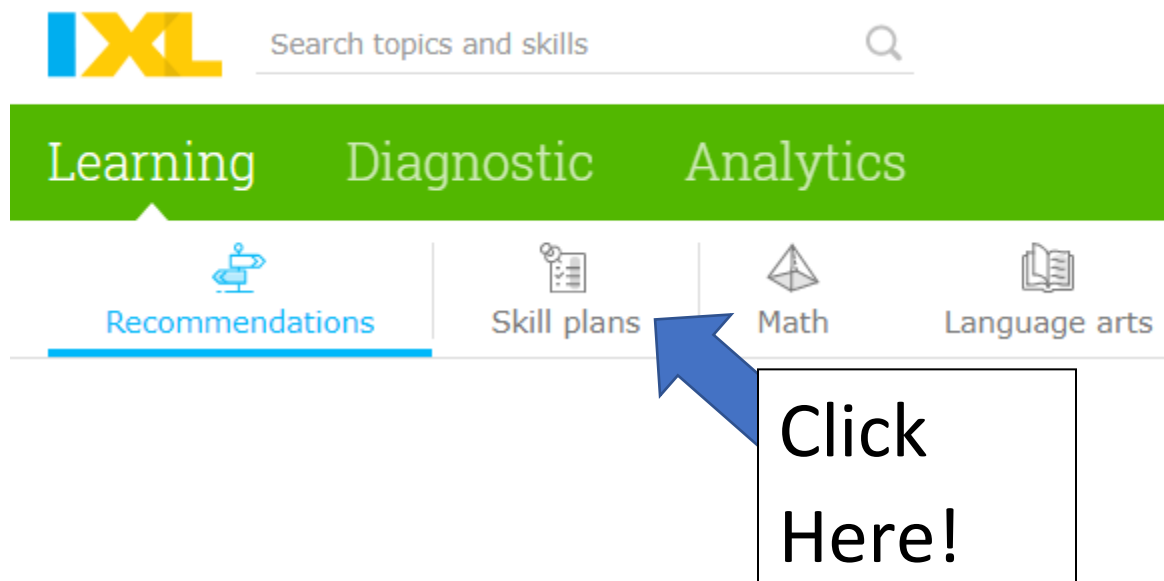

Sign in  Remember me

Enter Username and password. Be sure you are on the correct IXL website. You should see the Panther image.

23-24  
Grade

Complete the 20 skills in the Summer Boost Challenge for Math. A small accountability grade will be recorded when students return in September.

IXL is a highly adaptive program. If you finish these skills, complete another skill plan challenge or work on any recommended skills on the main home page.

If you have trouble logging in or have more questions, please contact Mrs. Lee.
