

Dear Parents and Students:

Did you know that all students experience learning losses when they do not engage in educational activities during the summer? Did you know that on average, students lose approximately 2.6 months of grade-level equivalency during the summer months? This is the reason we want all students to participate in the IXL Summer Boost Challenge.

Using IXL is simple. Follow these quick steps.

- 1) Log in using the username and password you were given. <https://www.ixl.com/signin/perryhall>

Sign in

Username [Forgot username?](#)
@perryhall

Password [Forgot password?](#)

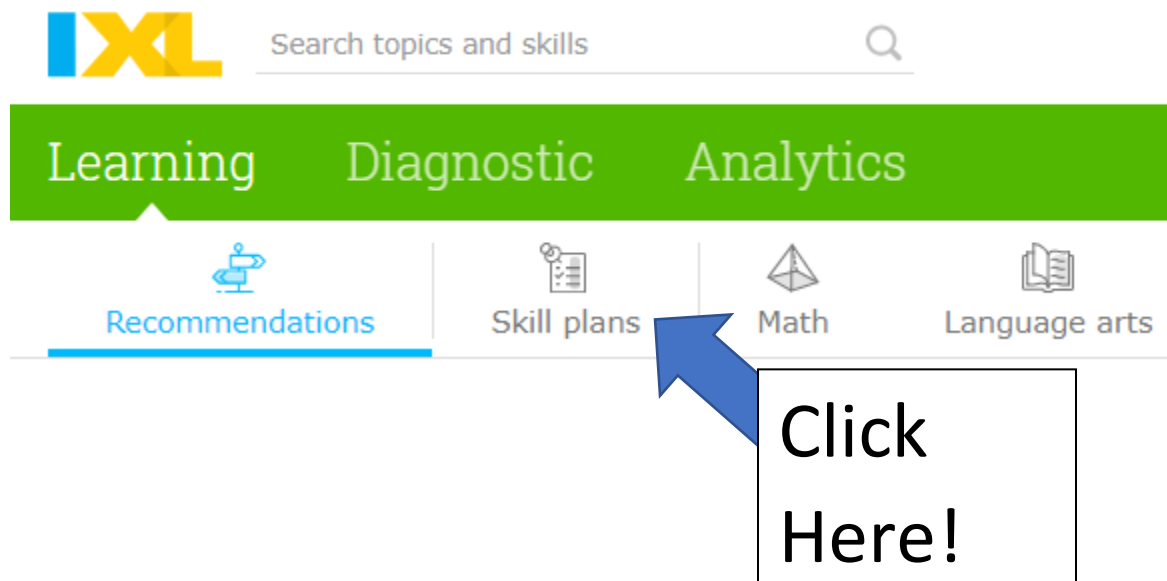

Sign in Remember me

Enter Username and password. Be sure you are on the correct IXL website. You should see the Panther image.

Perry Hall Christian School

PHCS

- 2) Choose Skill Plans from the top tool bar.

Lower School – Summer Practice – Math & Language Arts IXL

- 3) Select the grade level your child is enrolled in for the 23-24 School Year. Keep subjects “All Subjects.”

Spotlight

The image displays five IXL challenge cards arranged in two rows. The top row contains three cards: 'IXL Weekly Boost: Math' (PK - Calc), 'IXL Weekly Boost: Language Arts' (PK - 12th), and 'IXL Learn to Read: Language Arts' (K - 2nd). The bottom row contains two cards: 'IXL Reading Intervention: Language Arts' (Level 1 - Level 3) and two 'IXL Summer Boost' cards (Math and Language Arts, both K - Calc). The two Summer Boost cards are highlighted with a blue border. Below each Summer Boost card is a blue arrow pointing to a white box containing the text '23-24 Grade'.

23-24
Grade

Complete the 20 skills in the Summer Boost Challenge for Math & Language Arts. Complete as many skills as possible with the goal of completing all 20 days. We suggest spreading the skills out over the summer rather than completing many skills at once.

IXL is a highly adaptive program. If your child finishes these skills, they can complete another skill plan challenge or work on any recommended skills on the main home page.

If you have trouble logging in or have more questions, please contact Mrs. Lee.
